## INTRODUCTION

The Massachusetts Technology Transfer Center (MTTC) Fiscal 2016 Annual Plan complies with the requirements of the Office of Performance Management Oversight created by Chapter 240 of the Acts of 2010 – An Act Relative to Economic Development Reorganization. It includes goals set for the year and the performance measurements by which to evaluate goals, programs, and initiatives.

## AGENCY OVERVIEW

The MTTC was created in 2003 to support technology transfer officers, academic researchers, and industry executives in the transfer and commercialization of new technologies for the economic benefit of the Commonwealth.

- To facilitate and accelerate technology transfer between research institutions and companies within the Commonwealth.
- To assist in the growth of Massachusetts companies, including startups, by increasing their use of new technologies.
- To promote collaboration between research institutions and Massachusetts industry.
- To support regional and statewide economic development priorities.

More information on the MTTC and our activities is available on [MattCenter.org](http://MattCenter.org)
